

Climate Protection Certificate 2012

**In 2012 SO.G.I.S. Industria
Chimica S.p.A.**

registered the following recyclable materials overall:

Material Flow

kraft paper sacks

Through the recycling of these material flows the calculated
greenhouse gas savings were 1,658.45 kilograms!*

This corresponds to the average CO₂ emissions of a car
covering 11,359 km!**

We would like to thank you on behalf of the environment and climate protection!
